

Dr. Carsten Sürig

Chief Financial Officer and Management Board Member

Dr. Carsten Sürig was appointed CFO in April 2019, and is responsible for the company's finances, accounting and taxes, as well as risk and performance management. He also leads the company's ENERGIZE-T value-creation effort. Before joining Techem, Sürig spent 20 years with McKinsey & Company, a global management consultancy, where he became a senior partner in the company's Düsseldorf office.

There he concentrated on the energy industry and was a member of the leadership group of McKinsey's European Electric Power & Natural Gas Practice. He holds a PhD in solid state physics from Aachen University in Germany.
